3. This week we have been extremely busy in the preparation for the reading course to be sent to the field today. This project would have been impossible to complete in a week's time if it had not been for the cooperation of the wing A staff. This involved the organization and preparation of material for a completely new six-week reading course based on the motivation technique and the Harvard films, without the tachistoscope and accelerator.

4. The orientation film will be shown on Monday, 19 May at 0945 and on 2 June at 1100.
